

Steel City®

NEW!

4" Square Drawn Boxes with raised ground bumps

Thomas & Betts now offers 4" Square Drawn Boxes with raised ground bumps. These are perfect for mounting on hard surfaces such as cinderblock in a gym or basement. The raised ground bump prevents the box from being forced away from the wall while tightening the ground screw in the back of the box. Order these new boxes today or any additional grounding screws and pigtails from a Steel City® authorized distributor. Don't forget to ask about the complete line of time-saving products offered by Thomas & Betts.

- Raised ground bump to accommodate grounding screw in surface mount applications
- 1/2" & 3/4" knockouts
- 21.0 cubic inch capacity, 1 1/2" deep
- Available with pre-installed 10 1/2" #12 AWG insulated ground wire (52151-1/2 & 3/4-GBP only)
- UL listed
